## FRED BRENT, ED.D., GISD SUPERINTENDENT OF SCHOOLS

Dr. Fred Brent became the Superintendent of Georgetown ISD in July 2014 following an exhaustive national search conducted by the Board of Trustees. He brings to the district an extensive background in educational leadership having served as a teacher, campus administrator, and district leader during his career.

Dr. Brent is very familiar with the opportunities and challenges facing Georgetown ISD having served as Superintendent of Alvin ISD and as Superintendent of Anderson-Shiro CISD. He has seen first hand what it takes to lead a district through rapid student growth, multiple school construction projects, and the implementation of a rigorous curriculum designed to produce world class learners.

Dr. Brent received his undergraduate degree from Oklahoma City University and his graduate degree from Lamar University. In 2007, he earned his Doctorate in Educational Leadership from Texas A&M University. During his career, Dr. Brent has been a geography teacher, physical education teacher, world geography teacher, assistant principal, and principal. Other districts where he has worked include Putnam City, Little Cypress-Mauriceville, Orangefield, and Navasota.

Dr. Brent is married to Terri, and they have three children: Austin, Alex, and Abby.

## BRIAN JOHNSON, GHS PRINCIPAL

Mr. Johnson's first job in education was serving as a paraeducator in a class for students with autism, after which he taught middle school mathematics for four years. His first job as an administrator was at Kingwood High School where he served as an assistant principal for 7.5 years. Prior to joining Georgetown ISD, he also served as the Associate Principal at Kingwood Park HS for 7.5 years. His entire career prior to joining Georgetown HS was in Humble ISD.

Becoming the principal of Georgetown High School is a dream come true for Mr. Johnson. He loves every part of being a principal and all that comes with it. From making a positive impact in the lives of "students and teachers" to attending extracurricular activities and being a member of the greater community. Something that drew him to Georgetown was the mission of GISD, "inspiring and empowering every learner to

LEAD, GROW & SERVE."

Mr. Johnson loves to spend time with his family, including his wife Keturah, and children, Charles (14), Annemarie (13), and Audrey (10). When he is not at school or attending one of his children's basketball games, soccer games or swim meets, he loves to spend time with friends and family, fly-fishing and barbecuing

Coaching Experience: 14th year in GISD, 10 years as Georgetown Head Football Coach and Athletic Coordinator, 7 years Abilene High, 1 year McMurry University

Madelyn Grace Shoales, age 16, of Georgetown passed away on January 20th, 2018 after a year long battle with brain cancer. She is survived by her parents, Suzannah and Jason Shoales, her brother, Thomas Robert (15), and her sister, Mary Rose (12).

Madelyn was a student athletic trainer, an activity she dearly loved. During her time as a student athletic trainer, she helped athletes in all sports, but was assigned to help with baseball, boys basketball, volleyball, and football. She was dedicated and passionate about helping others and because of this, was loved and respected by the athletes, coaches, and fellow student athletic trainers. She was an excellent student and member of the National Honor Society with aspirations of becoming a physical therapist. She loved animals from an early age and volunteered at The Williamson County Animal Shelter.

Although Madelyn will be missed by all those who loved her, we will cherish the many memories we shared with her and will never forget the courage, dignity, and grace she displayed the last year of her life. She truly was the ultimate hero.

# 2 WORDS CHARACTER DEVELOPMENT

## DESIGNED FOR COACHES

Few coaches have an entire athletic period to devote to character training. That's why the 2Words curriculum can be done in as little as 12 minutes a week.

With the 2Words curriculum, gone are the days of spending hours searching for the right YouTube video, or the perfect quote, and sacrificing precious practice or preparation time. This is a **DONE FOR YOU** curriculum, featuring:

- A weekly, video lessons for athletes, coaches AND parents
- Downloadable workbook lessons for coaches, captains, athletes AND parents
- A "quote of the day" everyday
- New lessons every year; no "rinse and repeat" lessons!
- Extra resources for deep dives and more!

## COACH 360 PODCAST

Coach 360 is a podcast dedicated to helping high school coaches take their leadership to the next level. In each episode, we'll talk to high school coaches and athletic directors about topics like: developing culture, locker room management, character development, hiring staff, mental toughness, anger management, practice and preparation techniques, and more.

2WORDS.TV

## WRITTEN FOR ATHLETES

The language of the modern student is digital, and their attention span is short. That's why the 2Words curriculum is dynamically filmed in stadiums and gyms across the country, 5-7 minutes at a time. While the content and lifestyle of character-first living may sound foreign, the medium and language will be familiar.

In addition to weekly videos, 2Words offers group deep-dives, personal reflection pages, and an active, and engaged social media presence on platforms like Facebook, Instagram, and Twitter.

Put this all together and you have a life changing program, written for students.

Bad breath is NOT normal.

Periodontal disease is the most common AND most overlooked disease process of dogs and cats.

Dental disease causes significant pain your pet cannot tell you about: they suffer in silence.

Animals with Oral disease rarely stop eating.

Dental infections lead to liver, kidney and heart disease and can shorten your pets life.
